

## Assistant Coach Certification

Families ask us all the time how to be more involved and help their family member get the edge in their training and in life. We get asked all the time, "How can I better help my child practice and improve?"

### As a Assistant Martial Arts Coach you get to do BOTH!

Are you that family member who wants more for your student in the martial arts, who is sitting on the edge of their seat, wanting to get out there and help...

...who wants to make an impact in their community?

...who is open-minded and willing to learn?

...who is out to improve the lives of those around them?
